#### 4.5 Report and request direction on Emergency levee slope failure/fix:

District Manager Sonnet Rodrigues reports that a week and a half ago she reached out to District Engineer Christopher Neudeck after a home owner came into contact with her and told her that his deck had damage and his gangway was pulling from his house. District Manager Sonnet Rodrigues went to the home owner's property to assess the reported damage and determined there was a slope failure, photos were taken and sent to the District Engineer Christopher Neudeck. Originally it was thought that the slope failure was affecting one property but the home owner next door is affected as well. District Engineer Christopher Neudeck determined the landing, ramp, and docks for both homes will need to be removed to bring a barge in to install a sheet pile wall and drive the sheet piling down 35ft below the surface to repair the slope failure. District Manager Sonnet Rodrigues and District Engineer Christopher Neudeck recommend declaring a state of emergency for levee slope failure/fix. District Engineer Christopher Neudeck provided an estimated cost for the Marina Bay Emergency slope repair. The estimated total came to 345k.

There was a motion made by Trustee Bubniak, second by Morgan, to declare a state of emergency for the levee slope failure/fix.

The motion was passed 5-0.

There was a motion made by Trustee Morgan, second by Trustee Bubniak to approve the District Manager to sign agreement up to 500k for the sheet pile repair on the levee slope failure.

The motion was passed 5-0.

#### 4.6 Report and request direction on repair options for the Golf course dams:

District Manager Sonnet Rodrigues recommends hiring a new company to carry out the foaming of the dams at the Golf course but said they will need to go to bid. District staff will look into options for the District to foam in the future if needed.

#### 4.7 Report and request direction on GIS proposal from KSN:

District Manager Sonnet Rodrigues reports KSN proposed an updated system for managing the District's online file storage for levees, siphons, pipes, etc. GIS will modernize the District's online file storage with access to all files on one program that updates regularly.

There was a motion made by Trustee Morgan, second by Trustee Bubniak, to approve the GIS proposal.

The motion passed 5-0.

#### 4.8 Report and request direction on existing trailer storage easement agreement with the marina property owners:

Trustee Morgan reported the deal for the sale of the marina property fell through, after District Manager Sonnet Rodrigues said she had not heard from the marina property owners.
